Gentlemen:

RE: Notification of Hazardous Waste Activity

Enclosed herewith is the Notification of Hazardous Waste Activity for Armira Corporation's Muscatine Tannery.

Armira wishes to state, however, that even though it has complied with EPA regulations by listing tannery wastes identified by EPA as hazardous, it does not agree with EPA's position that these wastes are in fact hazardous to the environment. It should not be construed that listing of these wastes by Armira in anyway represents agreement with EPA that these wastes are hazardous.

Substantial information is available which concludes that tannery wastes can be disposed of in properly managed sanitary landfills. Armira has presented this information to EPA in comments dated July 8 and August 18, 1980.

Very truly yours,

ARMIRA CORPORATION
